

13 MONTHS → 3 PAGES

STEAL MY SYSTEM.

I spent 13 months testing what didn't work. **You**
get the shortcut for free.

I tried everything.

~~Random pages. Random niches. Random posts.~~

Then I found one repeatable loop.

THE LOOP

Faceless content → **Attention** → **Clicks** → **Sales**

THE RECEIPTS

FROM \$104 TO \$1K+ SALES DAYS.

13 months of testing. A few sales at first. Then one repeatable faceless-content system — **and now \$1K+ sales days, regularly.**

01 First proof

\$104 2 orders

Sessions	Total sales	Orders	Conversion rate
11 -15%	\$104 +239%	2 +100%	18.18% +136%

02 The shift

\$316 7 orders

Sessions	Total sales	Orders	Conversion rate
172 +21%	\$316 +33%	7	4.06% -4%

03 Strong days

\$1,391 · \$1,408 24 + 29 orders

Sessions	Total sales	Orders	Conversion rate
755 +7%	\$1,391 -1.2%	24 -17%	3.04% -24%

Sessions	Total sales	Orders	Conversion rate
703 -23%	\$1,408 -39%	29 -31%	3.98% -9%

The change wasn't working harder. It was learning what to post and where to send the attention.

THE PLAY

COPY THE PLAY.

I built the hard part. Here's the whole thing.

01

Pick a niche

Go where attention already exists. I chose research peptides.

02

Build one faceless format

One consistent AI character. Same look, every post.

03

Post, learn and repeat

Short videos. Text on screen. A strong hook. Simple information.
